**Student Remarks**

He teaches the course admirably and enthusiastically such that I get the same enthu to learn and solve problems in the topic.

He is a bit fast. I would like him to slow down while teaching concepts.

we enjoyed this course!!!thank you sir!!!

No participation of Ta's while solving tutorial.  
some concepts were rushed in class with out clarity due to lack of time.

good

Give more problems in class, which are not from the illustrative examples. They should be similar to the quiz type problems.
