Student Remarks

One of the best professors in IIT Madras. I can say that I have learnt a lot from this course and I think this kind of teaching always motivates students to pursue that course in future. Also I thank prof. Sriramkumar for bringing prof. Thanu Padmanavan for the special lecture.

Please consider making it a four-credit course so that you'll get more time to cover GWs

Very well executed course.

Would have preferred more depth and explanation from metric to schwarzschild instead of more syllabus...inclusion of cosmology felt unnecessary.
Otherwise Good.
